

Dear

We are requesting your approval for the use of KELLER FUNNEL®2 in this facility.

KELLER FUNNEL®2 is a device used to help plastic surgeons deliver breast implants into the pocket quickly and easily.^{1,2,*} Designed for enhanced efficiency, KELLER FUNNEL®2 is a sterile, transparent, cone-shaped sleeve constructed of a flexible, polymeric film with a lubricious hydrophilic coating on the inside surface.¹

NO-TOUCH™ delivery technique minimizes contact with sterile breast implants and surrounding tissue.¹ KELLER FUNNEL®2 accommodates a variety of breast implant shapes and sizes.¹

Product information:

- **Name:** KELLER FUNNEL®2
- **Unit of measure:** Case of 5
- **Catalog number:** HA-005
- **List price:** \$735 per case; pricing may vary based on contract

For these reasons, I am requesting that KELLER FUNNEL®2 be added to our inventory.

Thank you for your time and consideration.

Sincerely,

For more information, please contact this facility's Allergan sales representative or call Allergan US Customer Support at 1-800-377-7790.
